

CASLE 2018

**Surveyors Institute of Zambia (SIZ) in collaboration with
The Commonwealth Association of Surveying & Land Economy (CASLE)**

‘Developing a sustainable professionalism in surveying & relevant education in the Commonwealth’

Venue

Mulungushi International Conference Centre (MICC)

Lusaka, Zambia

29th November – 1st December 2018

The conference will incorporate a number of workshops each introduced by a keynote speaker:

- Workshop 1 (Land Administration & urbanisation)
- Workshop 2 (Sustainable construction practices)
- Workshop 3 (Infrastructure development & financing)
- Workshop 4 (Property valuation & taxation)

We shall run parallel sessions if we receive sufficient papers.

- Effects of climate change and globalisation.
- Sustainability, international factors & the roles of central & local government policies in environmental issues land and marine use, conservation and management.
- Disaster management.
- Geomatics, measurement and delineation of assets in landed property.
- Legislation, rights, tenure, and management of landed property.
- National and local industrial, business, and urban development strategies.
- Trends and changes affecting land use, extraction & conservation of resources including cultural factors.
- The role of public/private investment and subsidies.
- Landed property use and investment strategies, valuation & taxation
- Communications and business.
- Change, and its effects on landed property values.
- Sustainable design and construction.
- Measurement of existing property, and proposed new developments.
- Cost forecasting, and assessment of present and future viability and value of development.
- Procurement practices and documentation for construction contracts, cost control of construction projects, and final cost reconciliation.
- Arbitration.
- Education and training for Surveyors.
- Curriculum content and the role of practice in the formation of the Surveyor.
- The role of Continuing Professional Development.

This prestigious international conference will be of interest to Surveyors in Construction, General Practice, Planning & Development and Geomatics and also of interest to other professionals and students involved in the management of land property and construction.

This conference will qualify for up to 9 hours CPD. Delegates will be awarded a certificate of attendance.
